01 / HQ DIRECT · V4.2

Trust opens dialogue.
Delivery sustains relationships.

HQ-managed country sales general manager

One resident country sales GM reports to HQ. Field work advances accounts, purchasing and cash; HQ organizes products, authority, finance and delivery.

Compensation discussions have not started. Project commission is to be determined. Itemize assignment expenses; personal and overall totals remain TBD.

Retain base, growth and delayed sales paths. With pay, commission and some actual-cost items open, do not calculate total cost, net sales contribution, break-even revenue or total funding gap.

02 / LEAD AND ACCOUNT ACCESS

Turn local access into named opportunities.

Four direct routes, focused on process owners, purchasing and paid scope.

Access and account development	Direct access to Emaar, Al-Futtaim, Saif Belhasa and DMCC, with established strategic introductions. Progress from introduction to named process owners and purchasing.
Explain the business need	Refine Gulf advisory experience in market entry and design-to-price-to-delivery helps define propositions, priced scope and delivery boundaries.
Negotiation and HQ coordination	Emaar developer engagement maps to senior dialogue, working meetings and commercial coordination. HQ approves commitments, contracts and pricing exceptions.
Cost, execution and collections	Cotti UAE operations maps to costs, suppliers, cross-functional work and operating reviews. Apply it to project progress, delivery coordination and collection issues.

Account themes and next actions

Emaar	Project acceptance / tenant or supplier evidence / Use a workflow map and credential demo to seek a discovery session.
Al-Futtaim	Aftersales, supplier collaboration or reconciliation / Identify one cross-party verification issue, then arrange HQ technical dialogue.
Saif Belhasa Holding	Vehicle, equipment or supplier credentials / Define issuing, verification and correction roles for a bounded pilot.
DMCC	Member-trader credential interoperability / Follow focused dialogue with member needs; do not assume DMCC is the buyer.

The two established Saudi royal routes, Yasir Al-Rumayyan-related business circle and pan-Arab institutional route are reachable. The introducer arranges dialogue and a named business contact, followed by working sessions, proposals and procurement. Allow time and resources.

Use Wasta for trusted introductions and lasting feedback; clarify purchasing, contract and payment ownership.

03 / AUTHORITY AND PRODUCTS

Field sales advances business. HQ owns commitments.

One field sales lead, with HQ presales and delivery by project.

Country sales GM	Account plans, relationship dialogue, needs, demos, negotiation, purchasing, delivery coordination, collections and retention.
HQ product / presales	Product boundaries, technical scope, demos, effort, delivery calendar and acceptance; 12 effective presales weeks in Y1.
HQ management / legal / finance	Authority, price floors, exceptions, signing, invoicing, receipts, revenue / incentive approval and employment / tax assessment.
Project-based partners	Provide approved Arabic, PRO, employment or local integration services under scoped contracts, with appropriate permissions and purchasing.

Three paid work packages

Discovery / USD 15,000	One problem, workflow / data baseline and next-stage SOW; about two active weeks across 4-8 calendar weeks.
Bounded pilot / USD 55,000	One credential, two roles, up to three interfaces and one test workflow; about six technical weeks across 8-16 calendar weeks.
Production implementation / USD 180,000	One operator, one workflow and up to three existing-system interfaces; 24 person-weeks over a four-month baseline.

Per live project: one support person-day USD 700 + cloud / monitoring USD 200 per month; extra work priced separately.

HQ authority governs pricing, commitments, contracts, invoicing and business receipts; the individual does not collect customer funds.

Total: TBD. Do not treat unknown items as zero.

05 / MEDICAL, AIRFARE AND VISAS

Retain medical cover. Actual airfare. Separate visas.

Separate reference allowances from actual reimbursement; distinguish permission from insurance.

Item	Basis / status	Y1 native
UAE medical insurance	Retain AED 6,000/year; visa fitness exam separate	AED 6,000
Saudi medical insurance	Retain SAR 3,000/year; coordinate two-country policies	SAR 3,000
HQ review, leave / regional airfare	Prior approval / actual reimbursement; no fixed annual or per-trip amount	TBD / actuals
Initial mobilization	Retain USD 5,000 once; refundable deposits separate cash use	USD 5,000

Separate work-permission allowances

Country / currency	Y1	Y2	Y3
UAE / AED	8,000	1,000	8,000
Saudi Arabia / SAR	20,000	15,000	15,000

UAE allowances cover initial issue, intervening administration and renewal on an assumed two-year cycle. Saudi uses an employer-route reserve. Replace with quotes after lawful sponsor, permission and validity are determined; concurrent rights are not presumed.

No fixed annual airfare package or assumed ticket price. Prior approval and receipt-based reimbursement; consolidate regional flights and do not duplicate in client travel.

Personal benefits total: TBD. Separate visa medicals, official charges, PRO and employment services; refundable deposits use cash only.

Two-country employment-service reserve	Retained work-package allowance; confirm actual scope	USD 14,000
HQ non-billable presales	Retained work-package allowance; confirm actual scope	USD 36,000

Consolidate regional flights in the airfare row. Reimburse hotels / transfers by actual trip without duplicate rental, fuel or meals.

Meetings, demos, materials, advice and HQ presales are planning scopes, not incurred expenses. Overall investment total remains TBD.

07 / SALES GOALS

Retain sales goals. Full profit remains uncalculated.

Pay, commission and some actual expenses are open; full cost, net contribution, break-even and funding gap remain TBD.

Base path

Metric / USD	Y1	Y2	Y3
Production accepted	1	3	4
Planned revenue	335,000	822,000	1,119,000
Planned receipts	275,500	813,000	1,112,500
Direct delivery / support	206,138	488,213	637,163
HQ delivery pool	3	4	5

Growth path

Metric / USD	Y1	Y2	Y3
Production accepted	1	4	5
Planned revenue	335,000	1,011,000	1,350,000
Planned receipts	275,500	999,000	1,340,500
Direct delivery / support	206,138	604,763	766,313
HQ delivery pool	3	5	6

The delayed path shifts projects, delivery and receipts six months; replan quarterly. Personal expenses do not create orders; growth requires actual purchasing and HQ capacity.

Product gross profit deducts direct delivery only; it is not profit after role costs, travel and commission.

08 / EXECUTION AND COMMISSION

Follow client timing. Agree commission separately.

Allow 365-730 days for entry / replication and three years for sustained business; review monthly and quarterly.

M1-3	Agree assignment, authority and permission route; prepare four account themes / one demo. Visit and listen, selecting two priority workstreams.
M4-8	Base discoveries start M4, M6 and M8; first pilot M6-8. Allow for onboarding and security / data reviews.
M9-12	After the first pilot, base production runs M9-12; second pilot M9-11. Manage acceptance, payments and client issues against contracts.
Y2	Base 3 discoveries /3 pilots /3 production acceptances; growth 4 productions. Review against purchasing calendars and HQ capacity.
Y3	Base 3 discoveries /3 pilots /4 production scopes; growth 5 productions with staggered delivery. Prioritize renewals / expansion and secure separate second-country work rights.

Delay response / Plan B

Meeting slips 4-8 weeks / Work another core account, reuse demos and reduce custom materials / unnecessary travel; agree follow-up timing.

Purchasing adds 2-3 months / Do not fully mobilize production early. Contract independent discovery where suitable and roll the calendar.

Overall six-month slip / Use the delayed case, pause activity expansion and reallocate presales. The model retains budget before any approved savings.

Project commission: TBD

Agree rate, basis, revenue / margin definition, acceptance / receipt milestones, attribution, refunds and departure settlement separately. Proposed scorecard: receipts 40%, verified margin 30%, bookings 20%, progress / renewal 10%.
